

Whitehouse Opticians Refurbishment

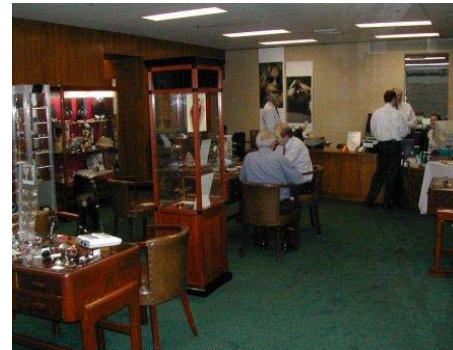

L3, 70 Castlereagh Street Sydney
Retail Office & Optical Treatment Consultant Rooms

Value (net) - \$225,000

Completed: August 2004

Description: The longest running opticians in Australia merged with Jody Glasser from George St. Ibiz designed the space with careful consideration to appeal to the differing demographics who frequented the previous sperate companies. The carpet was relatively new and was in the brief to keep it. Ibiz Design also decided to keep most of the existing timber panelling to fit the brief.
